

# NATURAL BOULDER MEMORIALS

*Boulders with  
custom designed  
engraving bring  
a touch of nature  
to your memorial*

# Bring a touch of nature to your memorial

with our boulders. Locally quarried in Washington, they offer an eco-friendly option that will fit in many environments. Boulders come in various sizes, shapes and colors, each with its own character that stands out from its surrounding.

Polished boulders offer unexpected surprises in colors and patterns that can never be duplicated. They are as unique as your fingerprints. A small stone can be placed in an intimate setting of a garden. A large boulder can serve as a stately monument to mark a site and medium-sized rocks can provide support for bench seats.

Boulders are hand-selected from our local quarries. We can customize each piece to meet your needs. They can be left in their natural state or polished to a beautiful shine. After they arrive at our shop, we examine and determine what inner character lies inside each stone. We then reveal that beauty which can be made into unique memorials for your loved ones.

*Heavy equipment combined with individual craftsmanship reveal the beauty of natural stones.*
